2025.144	<p>Approval of the Minutes of the previous meeting.</p> <p>Cllrs C. Hainsworth abstained as they were not present at the previous meeting, all others present agreed that the official minutes of the meeting of the Parish Council held on 2nd December 2025 be approved as a correct record and duly signed and dated by the Chair.</p>
2025.145	<p>County/District Cllr Report.</p> <p>LCC Cllr C. Vernon reported: -</p> <ol style="list-style-type: none"> 1. Council Tax increase – County Council Executive will be proposing a council tax rise of 2.9%. 2. Kilinside at Woolfox – Application withdrawn today with no reason given. 3. Highways – Alicia Kearns, MP, continuing to pressure Highways over gap closures with 13 gaps already closed. Phase 2 of the safety plan currently in action but no details on which gaps this might include. Concerns over the safety implications of closing gaps in stages. 4. Electrical Fire Safety Week – Free online safety checks can be found at www.safelincs.co.uk 5. NHT Survey – Encourage Councillors to feed into it to help set future priorities. 6. Road flooding – Verbatim statement from the Highways Department: “Our drainage team are in regular contact with National Highways over the issue. <p>National Highways (NH) did attend and cleanse both our assets and theirs just before Christmas. We had an update from them yesterday and following the rain this week, all the drainage assets are now just managing to keep the running lane clear.</p>

Agenda Item No	
	<p>We need to go in and undertake some work to make the situation more robust, and we have a solid idea of what we need to do but we've hit another hurdle - there's an intermediate pressure gas main running along the southern verge of the off slip, that's right where we need to be! We're in the process of agreeing the type of work, depths and working methods with Cadent. Once we have that we can apply for a Route Network Order from NH to close the slip road.</p> <p>As well as a chamber soak away in the northern verge, we are now aware of what is likely to be a blind soak away in the northern verge, serving just one of the gullies.</p> <p>Again, working with National Highways, we've identified that HGVs are overrunning the verge frequently near the gullies and most likely pushing soil and detritus into the gully pots, exacerbating the issue.</p> <p>Our proposal is, as an interim:</p> <ul style="list-style-type: none"> • Harden the area that is over run • Cut slots in the kerbs in close proximity to the ponding and lead that water to a new soak away. • At the same time, we'll cleanse and investigate all our assets upstream as there is some uncertainty as what we have and, if possible, reduce the verge height upstream to intercept any runoff further upstream. <p>The timing of our works is dependent on Cadent's turnaround in terms of their advice and NH's turnaround in terms of allowing us on their network. So sadly we could still be 6 months minimum off doing any works. We will of course keep pushing both Cadent and NH to allow us to get on the network asap."</p> <p>SKDC Cllr D. Bellamy reported: - Local Plan - Concerns regarding the delay to the consultation for Regulation 19 resulting in the loss of effect of the Local Plan and the risk of applications coming in outside of the allocation. Also reported that the Infrastructure Delivery Plan does not include new provision for Primary Education despite local schools reaching capacity.</p> <p>SKDC Cllr B. Green reported: -</p> <ol style="list-style-type: none"> 1. Council Tax increase – current proposal for a 2.9% increase. Despite expectation of defeat, Cllr planning an amendment for a 1.9% increase, identifying a number of areas where expenditure could be reduced. 2. Isaac Newton 300 – Attended SKDC meeting regarding initial planning for events across 2027. Cllr very keen to ensure the process is open, inclusive and non-partisan and that villages not be overlooked. 3. North Witham circular footpath – Cllr has been in contact with Buckminster Estate and has ascertained that stiles should be installed imminently creating a positive boost to the village. 4. Food waste collections – Reported on the beginning of deliveries to local residents of food waste caddies but keen to highlight that collections will not begin until April.
