

OPTIONS FOR SIGNAGE:

- Depending on using professional artwork (recommended) prices range from **£1,000 to £1,300 plus VAT** based on A1 size (594mm x 841mm – 23.39 x 33.11 inches) and style of board
- Style of boards vary – suggest wall mounted on the bus shelter – will fit on the front wall and be noticeable and accessible
- Style also varies with just a printed panel or a printed panel plus A2 noticeboard attached (the latter would be too big for the front of the bus shelter).

The attached PDF is just an example/suggestion of what can be included and has been done approximately to scale for A1 size:-

- Background is a picture of the poppy wall at St John's
- There may be too much text/too busy
- It is intended to signpost to other interests in the Parish e.g., St John's
- Need to check permissions and copyrights for pictures, logos, etc.

Size A1 (23.4 x 33.1 inches) - solid aluminium frame with 5mm (2 inches) thick solid aluminium back plate, including 3mm (1.5 inches) thick solid aluminium sign panel **for wall mounting @ £695 each**

Artwork:

The above prices are using supplied artwork. They can design the artwork using database of images, hand drawn illustrations and professional photographs. They can match any branding and add logo, website links and QR codes to the design. This includes the re-touch of any supplied images to make them suitable for print. **The design cost is £300 per bespoke design.**

Sign panel material:

Made from 3mm thick solid aluminium which has anti-vandal/graffiti properties. They are fully weather resistant and come with a 10 year guarantee against UV fading. The aluminium is also recyclable once its use as a sign has ended.

- Delivery costs depending on quantity and location.
- Plus VAT @ 20%
- Lead time to create the artwork 1 week
- Lead time for production 4 weeks.

[Interpretation Panels & Interpretation Boards UK](#)

**StormGuard Interpretation A1 Landscape printed Panel / NoticeBoard
Combination Size 2
£1,297.00**

This has a lockable noticeboard and would fit on the side of the bus shelter but it would not be visible from roadside and the artwork would have to be landscape not portrait.

- Modern modular design
 - Single sided or double sided
 - Glazed hinged lockable aluminium display frame section.
 - Concealed tamperproof stainless steel fixings
 - Rigid construction
- Standard polyester powder coated finishes
 - Removable edge to edge full colour digitally printed vinyl with clear protection lamination
